

Ohio Public Facilities Maintenance Association

A non-profit 501 (c) (3) educational organization serving Ohio since 1987

Central Ohio Chapter April 26 2018 Meeting

Join us on **April 26 at 8:00am** to discuss **preventative maintenance** and the effects it has on your facilities. We will be discussing the importance of a preventative maintenance program, the different types of programs, things to consider when designing a program, and what steps to take when starting or modifying a program. We will discuss the true cost is of not having a sufficient maintenance program.

Meeting will be held at the Daikin Applied office at 192 Heatherdown Drive, Westerville, OH 43081 . Breakfast will be provided.

If you know others who may be interested in attending, please share this invitation with them, including members of your staff.

You do not need to be a member of OPFMA to attend!

Please RSVP to Penny Miller
